Do you know
Do you know
Do you know where you will go?
If a dc-10 ever fell on your head
Laying in the ground all messy and dead
Or a mack truck run over you
Or you suddenly die in your sunday pew
Do you know where you're gonna go
It can happen any day
It can happen any way
It can happen while you're nappin' in your easy chair
Happen at home
Happen at school
Happen while you're scattin' like a scattin' fool

Chorus
Do you know where you're gonna go
Do you know where you're gonna go
Do you know where you're gonna go
Straight to heaven
Or down the hole?

Chorus

747 fell out of heaven
Crashed through the roof of a 7-11
Burpin up a slurpee
Things are gettin hazy
Reachin for a twinkie now you're pushing up daisies?
Do you know where you're gonna go?
