Never been accused, or been confused
With a model on a cover page.
Never could've been a superstar in
The NBA.
Can't run that fast, never could
Breakdance, can't jump a building in
A single bound.
Anticipate, can't wait till I hear that
Sound.

The sky splits, I'm moving, I let it
Freely take me.
This must be the moment, God picked
To rearrange me.

You and I, want a new body.
You and I, want to fly.

Crutches left upon the ground,
Bodyparts lost are found, everybody
Gets to walk today.
No more tears and we will feel no
Pain.

The sky splits, I'm
Moving. I let it freely take me
This must be the moment,
God picked to rearrange me.

You and I, want a new body
You and I, want to fly
You and I, can get a new body
You and I, will never, never die

Never gonna die
I'm gonna fly
Never gonna die
I'm gonna fly

You and I, want a new body
You and I, are gonna fly

You and I, can get a new body
You and I will never, never die

The sky splits, I'm moving
I let it freely take me
This must be the moment
God chose to rearrange me.
