You can't tell the lie  
Stay now  
You can't lie to I, liar  
You can't tell the lie  
Stay now, again  
Better off without you

Where are your reasons?  
I can't see them  
Where are your reasons?  
I can't see you

You can't tell the lie  
Stay now  
You can't lie to I  
Lie now again  
Better without, yea  
Better off without you

Where your reasons?  
I can't see them  
Where your reasons?  
I can't see them  
Where your reasons?  
We'll be seeing you again

You can't tell the lie  
Stay now  
You can't lie to I  
Lie now again  
You can't tell the lie  
Stay now  
Better off without you, GO
