This world to me means nothing  
I'm a shadow, you're transparent  
I traveled here unseen  
I will not forget your face when I return

Casting a curse on the world  
From the hate I created  
My tongue begins to scald  
My presence will test our fate

Becoming so unknown  
I found out you're the reason that I dwell  
I will reap what you sew  
I will not return until you feel what I felt

Searching, for these answers  
These memories bind me  
And I can't seem to let them go

Your face, is a reminder  
Of the time that I was able to breathe  
I have never been a fighter but I'll fight this  
I'll fight this until I am free

Searching, for these answers  
These memories bind me  
And I can't seem to let them go  
I'd be better off just to let it go,  
Act like it never happened  
But I can't seem to let it go

Wipe the blood from your fucking face and fight!
