In a land of two horizons  
One million suns ago  
Where Pharaoh rules  
Black magic thrives  
Effigies with marble eyes

King of all kings  
Not like one before  
He never knew of Joseph's sons  
Enslave the Hebrews  
Kingdom come

Seasons end,  
Years went by,  
Oppression,  
Forced labour,  
Bleeding hands blistering our souls

Look for a sign in the pale grey sky  
Look for something we might never find  
If God exists  
Please tell us why  
Must we die in the clutching hands of evil?

Deliverance  
God send us your helping hand  
Deliverance  
Striving for our promised land

Walk towards the sun  
From anguish to redemption  
Look for a guiding hand  
To bring us all salvation

Ho mighty gods of Egypt  
Rulers of winds and suns  
Look, they outnumber us  
Shrewdly we deal with them  
Proudly we stand as a kingdom  
One must be strong  
It has begun

Master Anubis  
Demonstrate your powers  
Abashed I stand before you  
Crush their spirits  
Subdue the Hebrew slaves  
No leniency, compassion

A vision I had  
Someone will arise, a new messiah  
Liberation is thy name

You shall not see the light of day  
You will not run nor slip away  
No way out from this enchanted land  
The gods of Egypt cast their spell
