Here we lie  
On a mattress  
Made of carbonite  
Sing to me again your lullabies  
Of sarcastic replies  
Whisper to me  
Unconsciously your sincere apologies

Where do you lay your head?  
And how do you sleep?  
Is it me was it something I said?  
Where do you lay your head?  
Don't go to sleep angry

Silence is like a car alarm  
While you're trying to sleep  
If you're in a discussion

Cross your fingers, count your blessings  
That my tanks not on empty

Where do you lay your head?  
And how do you sleep?  
Is it me was it something I said?  
Where do you lay your head?  
Don't go to sleep angry

Don't go to sleep, don't go to sleep, don't go....

Here we lie  
On a mattress  
Made of carbonite...

Where do you lay your head?  
And how do you sleep?  
Is it me was it something I said?  
Where do you lay your head?  
Don't go to sleep angry

Shuffling my feet you move like wind in my dreams  
What does it all mean?  
It's over when my eyelids break their seams

Morning comes up to erase all that I was to embrace  
Don't go to sleep angry....  
Don't go to sleep, Don't go to sleep...
