

## Amazing Device "Loss And Recovery"

Visit "[Loss And Recovery](#)" on MotoLyrics.com

Light it up  
Just so you can watch it burn  
Every good  
Situation takes a turn  
For the worst but that's life

Kill time  
Because it wasn't on your side  
It's on the rise  
The sun will always be despised  
By the ungrateful moon

Kiss what you fear  
Kiss what you hate  
Kiss what you love 'cause' it's leaving

It's just not right  
Doesn't seem like  
Your whole world is coming down on you

Kiss what you love 'cause' it's leaving  
Doesn't it seem like  
Your whole world is coming down  
Can you take it?  
Can you take it?

The heart plus the mind  
Equation  
Relationship Arithmetic  
The sum becomes you fear

Give in to your shame  
Give up your name  
You might as well just go bury yourself

Kiss what you love 'cause' it's leaving  
Doesn't it seem like  
Your whole world is coming down  
Can you take it?  
Can you take it?

**\*\*Guitar solo**

Kiss what you love 'cause' it's leaving  
Doesn't it seem like  
Your whole world is coming down  
Can you take it?  
Can you take it?
