It was early  
I woke up  
Still had a joint, so I puffed  
Shouldn't of, coz it got me stoned  
And my mum just moaned

'Simon it's time to get a job,  
You're 20 years old and you're living like a slob'  
But there's so many things I wanna do ma'  
I need money and I wanna get a new car  
'Simon what do you mean?'  
I've got a plan - it'll all be clean

Got the joints and the beats rollin'  
Got the tunes on the decks strollin'

As I walk through my mind all my thoughts are behind  
When there's deals being signed and there's walls  
gettin' climbed  
And there's things that we bring when we fling with the  
sing  
And we want to be in from the start to the fin  
Is it me? is it them?  
Is it you or your friends?  
There's no need to pretend that your mind's on the  
mend  
Is the past in your eyes, are your hands on your thighs  
Coz you cannot disguise that you needed a rise

[Chorus]

If I had the time then I'd spend a little more with you  
And if I had a hundred million then I'd probably give  
half to you

Lord of the standard, lord of the landlords  
I've been living on the shores of the canyon  
Pretty girls and ugly guys  
Twisted dreams and purple skies  
Back to basics - forward to basics  
Norms are daytrips - minds are brain-tripped  
What's the main lick?

What's the main trip?  
-it's like this

For all my fella's that sip the Stellas,  
DJ's, Grafters, and drug sellers  
To the geeks there's no need to be jealous  
We're just doin' our thing

[Chorus]  
If I had the time then I'd spend a little more with you  
And if I had a hundred million then I'd probably give  
half to you

I just don't know about the way  
I just wished I had some more days in my book  
Call you up and give you a look

[Chorus]  
If I had the time then I'd spend a little more with you  
And if I had a hundred million then I'd probably give  
half to you

From the edge of the land - Who's that man?  
Doin' things that you can't understand  
Broken or fixed  
Token or tripped  
How many things we can throw in the mix  
Two thousand sales into two  
Comin' through it's the Audio Crew  
Don't bother doin' if it don't sound smooth  
As we step with nothing to prove

For all my fella's that sip the Stellas,  
DJ's, Grafters, and drug sellers  
To the geeks there's no need to be jealous  
We're just doin' our thing
