I wanna see the world through Jesus eyes  
See through Jesus tears  
I wanna see the world through Jesus eyes  
My vision's not as clear  
I wanna feel the world with the hands that made it  
Know the pain and appreciate it  
Hear their cries and hope to understand

My world view  
It's how I see the world  
It's how I look at you  
My world view  
It's how I see the world  
Would you like to see it to?  
My world view

I wanna place my foot upon the rock  
The rock that doesn't move  
For upon the rock the kingdom's built  
And here's the kingdom view  
I see creation and I see Adam's fall  
I see through the years and I can see it all  
All things come together for the good

My world view  
It's how I see the world  
It's how I look at you  
My world view  
It's how I see the world  
Would you like to see it to?

My world view  
It's how I see the world  
Would you like to see it to?  
My world view  
Comin' into view, comin' into view  
Comin' into full view

My world view  
(I can see, I can see it forever)  
It's how I see the world  
It's how I look at you

My world view  
(Comin' into view, comin' into full view)  
It's how I see the world  
Would you like to see it too?

My world view  
(I can see, I can see it forever)  
It's how I see the world  
It's how I look at you  
My world view  
(Comin' into view, comin' into full view)  
It's how I see the world  
Would you like to see it too?

My world view  
(I can see, I can see it forever)  
It's how I see the world  
Would you like to see it too?  
My world view  
(Comin' into view, comin' into full view)  
(Comin' into view, comin' into full view)
