To define revolution, just look at the word
For dance around the globe yo, haven't you heard
About changes, the wall tumbles down
And the people rearrange it

They're not satisfied with the state they're in
So they take their world and they give it a spin
Take what's up and they turn it down
A revolution runnin' round

Out with the old and in with the new
Sort of like Scrappy on Scooby-Doo
We try to teach old dogs brand new tricks
And if you're an old dog you best not resist the call

To live a Godly life, yo
Grab a sword because it's like a war
On moral pollution
Bang bang! It's a revolution

Callin' for a revolution
Of the body, mind and soul
Callin' for a revolution
To end the sin and let love flow

Back some years in history
We fought and won the victory
Freedom for the red, white, blue
We stood for the church and the Godly truths

But these days its all turned around
A revolution's comin' down
Because the Lord ain't Lord of the land of the free
It's time to bring the Lord back from history

And right now it comes to you
And you know what you gotta do
A call to arms against the ruler
Of the dark world, he'll try to school ya

Time to drop the bomb on the ugly thing
You got almighty power in Jesus name

To end the war on moral pollution
Bang bang! It's a revolution

Callin' for a revolution
Of the body, mind and soul
Callin' for a revolution
To end the sin and let love flow

And I know that you know that it's true
That it's true, yes, it's true, yes, it's true

Revolution
Callin', callin' revolution callin'
Callin' revolution callin'
Callin' revolution callin'
Callin' revolution callin'

Callin' for a revolution
Of the body, mind and soul
Callin' for a revolution
To end the sin and let love flow

Callin' for a revolution
Of the body, mind and soul
Callin' for a revolution
To end the sin and let love flow

Callin' for a revolution
Callin' for a revolution
Callin' for a revolution
