I'm in a fix  
Need something quick  
My mind is numb  
My stomach sick

Broken hearts, hopeless things  
I've seen what defiance brings  
'Cause the light of day, I've always known  
Is in my heart, I'm not alone

Speak to me and tell me all the things  
I need to know, I want to hear You now  
Can You speak to me  
I've opened up Your word to free me  
I want to hear You now

It's amazing, how I forget  
Can't live my life, for lack of it  
But the light of day, I've always known  
It's in my heart, I'm not alone, yeah

Speak to me and tell me all the things  
I need to know, I want to hear You now  
Can You speak to me  
I've opened up Your word to free me  
I want to hear You now

Make Your wisdom clear  
The words I hold so dear  
Bring the light into my dark  
I hide them inside my heart  
I hide them inside my heart

Speak to me and tell me all the things  
I need to know, I want to hear You now  
Can You

Speak to me and tell me all the things  
I need to know, I want to hear You now  
(I want to hear You now)  
Can You speak to me?  
I've opened up Your word to free me

(Opened up Your word)  
I want to hear You now

(Can You speak?)  
(Speak to me)  
Can You speak?  
Can You speak to me?  
(Speak to me, oh)

Can You speak to me?  
Can You speak  
(I want to hear Your name)  
(Speak to me)  
Speak to me
