There's nothing new under the sun
Left for me to do
The last great thrills
I've felt are fleeting

Once I was excited for the things
The world could give
But no more
I'm only thrilled by you, and you, yeah

You, you still amaze me
You, you still amaze me
Bigger than the sky
Brighter than the sun
You're the one

You filled me with the things I need
And gave me something more
And I've ran with the freedom
That you gave me

You're the reason for the stars
That decorate my night
So I sing, yeah I sing
You're the maker

You, you still amaze me
You, you still amaze me
Bigger than the sky
Brighter than the sun
You're the one

And I'm free to be loved
I'm alive from your gentle touch
I'm touched from the sky
Let me cry, you're amazing

You, you still amaze me
You, you still amaze me
Bigger than the sky
Brighter than the sun

You, you still amaze me
You, you still amaze me
Bigger than the sky
Brighter than the sun
You're the one

Bigger than the sky
Brighter than the sun
You're the one
