You're crying again alone in your bedroom
Hoping the tears will soon run out
I'm sorry I can't be there to comfort you
I know it's hard living alone

Complaining again about something you couldn't
explain
But I know what you're thinking
I know that you want me there to be with you
Be with you every time

Just give me one more chance this time
I swear that this is the last one I'll be asking
Everything that you say!
Promise I'll do it all just for you, for you

We're fighting again, you're not listening
I tried to call but you hung up
I wish that I could be there and explain myself
But it's hard coz I'm so far away, far away

Just give me one more chance this time
I swear that this the last one I'll be asking
Everything that you say!
Promise, I'll do it all just for you, for you
Just give me one more chance this time
Just one last chance this time
Together, forever, you'll just wait for me

I want you to know I'll always be
I want you to know I'm here
I want you to know I'll always be
I want you to know... I'm here...
