"Merry-go-round"

I can hear the breathing all around me
Its sound is charmingly
But to my merry-go-round
Finding my way, reeling around
Watching every sundown
One day we will fade away
We will remember
Someday I'll merry-go-round

I surrender to the feeling
Whole and shameless
As be drifted farther,
Farther to the merry-go-round
Finding my way, reeling around
Watching every sundown
One day we will fade away
We will remember
Someday I'll merry-go-round

Finding my way and reeling around
Watching sundown
One day we will fade away
We will remember
Someday I'll merry-go-round
