What if I die today? or I'll be gone tommorrow
Will you still embed the word and promises we've
made
I duce and I die is the promises you've lied
The promises you've lied and I duce and I die
What if I die today? will you sing to me a desperate
song

What if I kill myself? because of you
Now don't say I'm bluffing cause I really would do
The love that I gave to you all it fade
To you all it fade all the love that I gave
What if I die today? will you sing to me a desperate
song

Cause I know that you don't care and I know that you
don't mind...
Even if you don't have this feelings that I have for you
But I still love you till I diee...

What if I die today? or I'll be gone tommorrow
Will you still embed the word and promises we've
made
I duce and I die is the promises you've lied
The promises you've lied and I duce and I die
What if I die today? will you sing to me a desperate
song

You don't care!! (I know that you don't mind)... you
don't mind...
Even if you don't have this feelings that I have for you
But I still love you till I die...

What if I die today? or I'll be gone tomorrow
Will you still embed the word and promises we've
made
I duce and I die is the promises you've lied
The promises you've lied and I duce and I die
What if I die today? or I'll be gone tomorrow soon
Or I'll be gone tomorrow soon 3x...
