Right about now the rent is due  
Waiting for the money to come through  
Sip a seven dollar wine  
Plastic chairs but never mind  
We've got us

We gotta stay home most nights  
The money don't stretch for fancy sights  
Put our fibre music on  
Say a little and sing along  
Cos' we've got us

And we will grow together  
Maybe save enough, to buy a little house  
We won't change with the weather  
Cos' it's enough, to just have us  
To just have us

Tempted to max the credit card  
And tempted to trade the rusty car  
But the way we get around  
Means we here another sound  
The sound of us

And we will grow together  
Maybe save enough, to buy a little house  
We won't change with the weather  
Cos' it's enough, to just have us

To just have us  
And a million dollar mansion  
To just have us  
And a fifty dollar caravan  
And it's all just stuff  
And in an instant it could vanish  
All we have is us

So we will grow together  
Maybe save enough, to buy a little house  
We won't change with the weather  
Cos' it's enough, to just have us

Whoa yeah, and we will grow together  
Maybe save enough, to buy a little house  
We won't change with the weather  
Cos' it's enough, to just have us  
Yeah it's enough, to just have us  
To just have us  
To just have us
