It's not like I'll get an invitation
I'm sure nobody is gonna even notice me
At the back of the church, Lord knows it'll hurt
Somebody stop me please

I should've just signed my own admittance form
I re-a-sure something bout the touch that's for to enjoy
I'm a mock to the flame, I can't turn away
Somebody stop me please

Cos' there goes the love of my life
With his brand new wife
What an awful sight to see
A number one guy walking down the aisle
With his pretty butterfly

Like a wish, she would slip
About the priest she'd kiss the bride
And there he walks right out of my life

Three cheers for the happy couple, yeah right
Hip, hip hooray never really made my day
I'll charge my glass hope it won't last
Drink the bottle alone

Cos' there goes the love of my life
With his brand new wife
What an awful sight to see
A number one guy walking down the aisle
With his pretty butterfly

Like a wish, she would slip
About the priest she'd kiss the bride
And there he walks right out of my life

Bye my lover
And bye my friend
And if it changed somehow you don't get along
You'd only be mine in the end

There he goes

The love of my life
With his brand new wife
What an awful sight to see
A number one guy walking down the aisle
With his pretty butterfly
Cos' there goes the love of my life
With his brand new wife
What an awful sight to see
A number one guy walking down the aisle
With his size 6 butterfly

Like a wish, she would slip
About the priest she'd kiss the bride
And there he walks right out of my life
Outta my life
Outta my life
Outta my life
Outta my life
