"Running Away"

Time passes by, as I
chase what lies ahead in this life
Which way do I go
It's so hard when you're alone

The walls are caving in
and the lights are fading dim
I can hardly catch my breathe
Sometimes I feel there's nothing left
I feel like running away

CHORUS

Feel like running away
Let it all go running away
Never look back
cause I'm running away
It's getting hard to stay
So I feel like running away
Runing Runing Runing Away

Lost between the thoughts Of who I am
And who you think that I should be
So afraid of what will come
if I chose to do you Instead of me
The walls are caving in
and the lights are fading dim
I can hardly catch my breathe
Sometimes I feel there's nothing left
I feel like running away

CHORUS

Feel like running away
Let it all go running away
Never look back
cause I'm running away
It's getting hard to stay
So I feel like running away
Runing Runing Runing Away

BRIDGE

Feels like every step I take
Takes me far away
From everything I use to know
Hope keeps me strong today
Guides me on my way
Leads me where I need to go
Take me somewhere safe
REPEAT CHORUS
