Josephine and Johnny so hard up for money  
But they strut it like they couldn't care  
He said "Don't worry honey leave it to the dummies.  
We've got more than our fair share"

Everybody's a mess - so get on your happiness  
Everybody's a mess - take nothing less  
Yeah, everybody's a mess

Down in the valley lives crazy Sally,  
All alone with nothing to her name  
She made it her obsession to burn all her possessions  
But who's to say that she's the one insane

Everybody's a mess - so get on your happiness  
Everybody's a mess - take nothing less  
Yeah, everybody's a mess

Turn it up, turn it up, turn it up  
Let it go, let it go, let it go  
Turn it up, turn it up, turn it up  
Let it go, let it go, let it go

Everybody's a mess - so get on your happiness  
Everybody's a mess - put on your Sunday best  
Everybody's a mess - take nothing less  
Everybody's a mess

Turn it up, turn it up, turn it up  
Let it go, let it go, let it go  
Turn it up, turn it up, turn it up  
Let it go, let it go, let it go

Cause everybody's a mess - take nothing less  
Yeah, everybody's a mess - so put on your happiness  
Everybody's a mess - and nothing less  
Everybody's a mess.
