Standing in the way
I could just watch life go by
Waiting for the rain
And just staring at the sky

What if rain never falls
And what if I never see you at all

Oh, I never wanna be
Way too scared to dream
On the outside looking in
Never wanna hide
So watch me climb,
Who cares how high
I'm gonna fly

Well I could play the fool
Too scared to show what hides inside
Breaking all the rules
Just to keep them satisfied
So what happens when they disappear?
And what happens if I need you here?

Oh, I never wanna be
Way too scared to dream
On the outside looking in
Never wanna hide
So watch me climb
Who cares how high
I'm gonna fly

What if rain never falls
And what if nothing happens at all

Oh, I never wanna be
Way too scared to dream
On the outside looking in
Never wanna hide
So watch me climb
Who cares how high
Oh, I never wanna be
Way too scared to dream

On the outside looking in
Never wanna hide
So watch me climb
Who cares how high
I'm gonna fly
I'm gonna fly
I'm gonna fly high
I'm gonna fly
Fly fly fly fly fly
