You walk into the party and there's no denyin' that
you're
kinda pretty
you giggle when you order your wine or your vodka
and the men act silly
even my man too
and that's why women like me don't like girls like you
You say it's gettin' cold 'cos you forgot your coat
and you borrow his
but you won't return it 'til your perfume's through it
'cos it's a great fit
but his wife won't think it cute
and that's why women like me don't like girls like you
Ohh never have and never will like girls like you
no never know and never trust what you might do
you think the world revolves around you
love this song is written 'bout ya' too
and that's why women like me don't like girls like you
You're just the girl from work but you're a full time flirt
and you ask my man for a ride
and then you send him a text it says thanks you're the
best

with a kiss and a smile
so I send one back too
yeah that's why women like me don't like girls like you
Ohh never have and never will like girls like you
no never know and never trust what you might do
you think the world revolves around you
love this song is written 'bout ya' too
and that's why women like me don't like girls like you
Interlude
Ohh never have and never will like girls like you
no never know and never trust what you might do
you think the world revolves around you
love this song is written 'bout ya' too
and that's why women like me don't like girls like you
women like me don't like girls like you
So when we're way past thirty and things aren't so
perky
all that matters is inside
I'll be there for you

cost that's when women like me will like girls like you
Uh uh
