Awaken... breath... here the calling in the wind
Your voice... is sayin'... I journey must begin
I'll fly, like a bird... in a scattered cloudy sky
By the time... it's all over... I'll know it's time to fly

And I'll fly, fly away, to the place where I belong,
In your arms, there's no pain
And I know that I'll be strong when it's time to fly away

Pray... for me... don'te ver think it's time for goodbye
I'll be here, when u need me
Thought I've spread my wings to fly.
And I'm still here if you want me

Call my name, and I'll come bye

And I'll fly, fly away, to the place where I belong,
In your arms, there's no pain
And I know that I'll be strong when it's time to fly away

Your like an angel. spreading her wings
Tryin to keep me from imagining things
I'll keep fighting, I wont cry
But it's alomost time to spread my wings and fly

And I'll fly, fly away, to the place where I belong,
In your arms, there's no pain
And I know that I'll be strong when it's time to fly away
