This is for the ones who believe their lives wont change
Hoping that someday things will mend and be the
same

And this is for the ones who have lost it all
When all is left to gain

Its a simple reminder that the things that were blind to
slip away

How can i say...
Say that ill be okay...

And if i fall through these days that go by without a
case

Just a painful mistake has left me here on my own
And if i fall through these nights i cant seem to go on
Just a sign that your with me gives me the strength to
hold on

Now that the lines been broken
Im too afraid to just look back
The pages have left an empty space

You were all i had
Why does it have to be this way
These things they'll never change
Still I'm left with knowing, content and happy, this is all i
need

And if i fall through these days that go by without a
case
Just a painful mistake has left me here on my own
And if i fall through these nights i cant seem to go on
Just a sign that your with me gives me the strength to
hold on

And if i fall through these days that go by without a
case
Just a painful mistake has left me here on my own
And if i fall through these nights i cant seem to go on
Just a sign that your with me gives me the strength to
hold on
