I found a new life with you here  
A life that will burn bright through the years  
I can tell in the way you look, the signals are so clear  
I want a big house in the hills,  
but I don't need that life to make me feel  
Like I'm part of the crowd who turns their backs to  
what's real

Whoa, whoa yeah, it's a good day  
I know you know, to me you're everything  
Whoa, whoa yeah, it's a good day  
And I feel my life is changing

I found a piece of what was left,  
a mark that runs deep within this chest  
I know in my heart what's best is here in front of me  
I can just see us in the streets  
Beneath all the stars just you and me  
Together as one we'll stand, each hand and hand  
You're all I ever needed

Whoa, whoa yeah, it's a good day  
I know you know, to me you're everything  
Whoa, whoa yeah, it's a good day  
And I feel my life is changing, and I feel my life is  
changing  
I can see my life is changing, and I feel my life is  
changing
