"Feel Alright"

I am in my mood
While I am driving down the hall ...
I said I am ok
You ain't moving on sunny days

I feel alright
I don't need to worry about nothing
I feel alright now I got no cares in the world
(repeats)
I said I feel alright

I said I am alright
Ain't nothing I need to worry tonight
I said I am ok
You ain't moving to sunny days

I feel alright
I don't need to worry about nothing
I feel alright now I got no cares in the world
(repeats)
I said I feel alright
