Flickery vision, surrounding me
I'm tripply visioning, you sat here with me
And there's these tricky decisions, that I had to make
Like should I get some sleep today or should I stay
awake

Flickery vision, surrounding me
I'm tripply visioning, you sat here with me
And there's these tricky decisions, that I had to make
Like should I get some sleep today or should I stay
awake

Flickery vision, surrounding me
I'm tripply visioning, you sat here with me
Tricky decisions, that I had to make
Like should I get some sleep today or should I stay
awake

The world spinning round, and we're sat sitting still
I'm still pissed off with that promoter for fucking me up
on the bill
Tricky decisions, that I had to make
Like should I get some sleep today or should I stay
awake

Tipple vision, surrounding me
That girl looks like she's dressed up from 1983
Flickery vision, surrounding me
I'm tripply visioning, you sat here with me
And there's these tricky decisions, that I had to make
Like should I get some sleep today or should I stay
awake

Flickery vision, surrounding me
I'm tripply visioning, you sat here with me
And there's these tricky decisions, that I had to make
Like should I get some sleep today or
Should I stay awake, stay awake, stay awake...

I'm tripply visioning...

Flickery vision, surrounding me

I'm tripply visioning, you sat here with me
And there's these tricky decisions, that I had to make
Like should I get some sleep today or should I stay
awake
