I can't get away  
With you hanging around  
Your like a bad habit  
That wants to be Found

When I start feeling stronger  
You won't let me be  
Your like a bad habit  
Baby please can't you see

I can't get away  
With you hanging around  
Your like a bad habit  
That wants to be found  
I seem to feel better  
When your not around  
I'm tired of this habit  
It's bringing me down

I can't get away  
With you hanging around  
Your like a bad habit  
That wants to be found

So no more for today  
Please go away  
Your such a bad habit  
I'll want you to stay
