"Change Of Scene"

It's all about you
And It's all about me
The mix doesn't match
Oh Baby can't you see

Our ups and our downs
Are bringing us round
To needing a change of scene

The laughter is gone
The joke just can't be
It's time to move on
Oh baby can't you see
Our ins and our outs
Are causing us doubts
It's time for a change of scene

The light in your eye
Has passed me on by
To a photo of what used to be
Oh baby can't you see

Our ups and our down
Are bringing us round
To needing a change of scene
