It's me and I wrote you a song
All ways is because of you falled
I know that I'm always alone
Maybe, but is hurt to say no
Wherever you go in show me so howl
It's hurt to explain my life
It's hurt 'cause I'm always in fun
Up-arrow it's hole on shorten
But sound cleans
My voice never scream

Open tusks it wait's for 'cause
When I'm inside
I'm waiting for running minds (2x)

I'm shore it's no reason for bland
I'm shore I'm starting this way
Wait for and I care about you
Don't more it's want saying blue moon
Wherever you do I hopes to you soon
Stand where on the showing of the sea
Thinking of the moments of see
Up-arrow it's hole on shorten
But sound cleans
My voice never scream
