Kiss goodbye to all the dreams you ever had  
post your picture on my wall of shame  
wash your hands in this bloody bath  
enter heaven without a name  
i'll see you when i see you ally  
just promise to wait for me ally  
witness selfishness and loves betrayel  
unlock the door to judgement day  
unleash the hurt that cant be scaled  
from massacred lives easy to take  
i'll see you when i see you ally  
just promise to wait for me ally  
i made a big mistake and now the darkness mocks me  
on this road i take  
people tell me its not my fault  
well im sorry i believe that their wrong
