Its here tonight the darkness came by  
To tell its lies the same I love you

Well its no surprise  
The disguise she wore that night  
Was made to blind!!!  
CHAOSAYS: gone..go..forever

Cant go back ..its too late.. its too late  
Far from a past too hard now to chase  
Birdwing  
Killing!!!! Everything!!!!

Go Back!! React!! Cold sweat!! Regrets!!  
Burn Deep!! Knees weak!! CRY CRY!!!  
Its not too late to say I love u, I love u  
Night night sweet darling sky
