It doesn't seem to matter what you say.
You will never feel the same.
It doesn't seem to matter what you do.
I will fall in love with you.
Everyday I think we grow apart.
I saw this from the start.
Guess I knew that you and I won't be.
It doesn't mean that I can't dream about you.
I think about you still.
Complete apart of me.
I never I have to feel.
Give you anything like the times I'd sing on the phone
to you
it's not the easiest thing to do.
You know it's true.
You know it coulda been this way.
And I swear by my heart there is nothing on us
that won't keep us apart.
And all I have I swear I'd give to you.
All that I said
you and I will begin this way.
Fall in love with me,
It doesn't seem to matter what I say.
You will never be the same.
It doesn't seem to matter what you do.
I will fall in love with you.
And everyday I wonder how you feel.
Because the sarity is real.
I took my time to stop and call your name.
I know I shoulda screamed instead.
Do you miss meaning everything to me?
Not a day goes by.
If I had kissed you it just might
change our destiny.
We were meant to be.
I'm standing on one knee.
Won't you please just marry me.
You know it's true.
You know it shoulda been this way.
And I swear by my heart.
There is nothing on us that won't keep us apart.

And all I have I swear I'd give to you.
All that I said
you and I will begin this way.
Fall in love with me,
And I fell in love with you.
Mean that I can dream.
You say you were on your way.
Make it all come true.
Swear to God I'd die for you.
And give you anything
like the time Marie.
And all the times we've had.
No I'd never take it back.
You know it's true.
You know it shoulda been this way.
And I swear by my heart.
There is nothing on us that won't keep us apart.
And all I have I swear I'd give to you.
All that I said
you and I will begin this way.
Fall in love with me,
And I fell in love with you.
