The Victim EP/Love, Lies and Therapy

Without You

[Verse 1] Inside my head I feel alone

You never cared enough to listen

I won't be there when you wake up

There's no changing my feelings this time

[Chorus] 'Cause I'm suffering

There's no recovering, what you've done to me

I need to get away

I'm running on empty, without you

[Verse 2] Take a look inside yourself (yourself)

No memories left to share with me

I'm killing myself over you

There's no changing my feelings this time!

[Chorus] 'Cause I'm suffering

There's no recovering, what you've done to me

I need to get away

I'm running on empty, without you

I'm suffering

There's no recovering, what you've done to me

I need to get away

I'm running on empty, without you

[Bridge] Without you

x 2

Tell me what do you want from me

I'm dying here alone

Take a look inside yourself

No memories left to share with me

[Chorus] 'Cause I'm suffering

There's no recovering, what you've done to me

I need to get away

I'm running on empty, without you

I'm suffering

There's no recovering, what you've done to me

I need to get away

I'm running on empty, without you!

[Outro] Without you

x 2

Tell me what do you want from me

x 3

'Cause I'm dying here alone
