Stay away from me, yeah, 'cause I'm in my sin  
Stay away everybody 'cause I'm in my sin  
If this joint is raided, somebody give me some gin  
Lord, I don't want no gold  
I don't even want no bed to lay my head  
I don't want no gold  
And I don't even want no bed to lay my head  
Fill me with good liquor and I will truly stay  
Lord, we are feeling high  
And I got nothing else to do then leave my head  
Well, I'm feeling high  
Lord, I ain't got nothing else to do but leave my head  
If this joint is raided, somebody give me some gin

Somebody give me some gin  
Somebody give me some gin  
Somebody give me some gin  
Ooh, I want some gin
