If paradise is half as nice as heaven that you take me
to, who needs paradise, I'd rather have you
They say paradise is up in the stars but I needn't sigh
because it's so far
'Cos I know it's worth a heaven on earth for me where
you are.
A look from your eyes, a touch of your hand and I seem
to fly to some other land
When you are around my heart always pounds, just like
a brass band
If paradise is half as nice as heaven that you take me
to, who needs paradise, I'd rather have you
Oh yes, I'd rather have you

If paradise is half as nice as heaven that you take me
to, who needs paradise, I'd rather have you
Oh yes, I'd rather have you

They say paradise is up in the stars but I needn't sigh
because it's so far
(If paradise is half as nice as heaven that you take me
to)
'Cos I know it's worth a heaven on earth to me where
you are
(Who needs paradise, I'd rather have you)
A look from your eyes a touch of your hand and I seem
to fly to some other land
(If paradise is half as nice as heaven that you take me
to)
