Hollywood couldn't keep me for good  
'Cause I seen enough of your charms.  
Been a week since I been around  
Hope you still take my reservations.

They suffer no consequence  
'Cus I thought I loved you since  
Wait for you to come around again.  
Don't let it bring you down.  
... have anyway  
You're home and I'm on my way.

... still back the American ride.  
He's the only friend I know.  
Hot summer tribe, middle of the night,  
... make my friends my way,  
My grey hound by my side.  
Come on.

They suffer no consequence  
'Cus I thought I loved you since  
Wait for you to come around again.  
Don't let it bring you down.  
... have anyway  
You're home and I'm on my way.  
Aww, look out!

One, two, three, four!

Bang, bang, bang!  
Bang, bang, bang!  
Bang, bang, bang!  
Bang, bang, bang!

Eyes on my dog, middle of the night.  
Come on. Come on. Come on. Come on.  
Eyes on my dog at the Merry-Go-Round.
