She's got lipstick on  
Big box full of cigarettes  
Black books full of the rockstars  
That she's sweet on  
She's sweet on

Well she loves the guys  
But she comes for the music  
Rock fist in the air  
And she's not afraid to use it  
It's her motto  
It's her motto

Oh, if you wanna pump it  
Pump it loud  
If you wanna shake it  
Shake it now  
If you got your ticket  
Join the crowd  
Move to the music,  
Move to the music, come on

She's got a cell phone, ringtone,  
Bump it with a bang tone,  
Callin' all the kids from California  
All the way to Hong-Kong  
All the way to Hong-Kong

Next city, next day,  
Different room, same place,  
She's front an' center,  
Dancing with her drink on  
She's dancing with her drink on

She says,  
Don't you love them?  
Aren't they great?  
Take your coat off, and  
Dance with me

If you wanna pump it,  
Pump it loud

If you wanna shake it,  
Shake it now  
If you got your ticket,  
Join the crowd  
Move to the music,  
Move to the music, come on...

She says,  
Don't you love them?  
Aren't they great?  
Take your coat off, and  
Dance with me

If you wanna pump it,  
Pump it loud  
If you wanna shake it,  
Shake it now  
If you got your ticket, well,  
Join the crowd  
Move to the music,  
Move to the music, come on!
