I'm just the innocent boy  
You're just the teenage whore  
I said, What's going on?  
You said, We're doing nothing wrong

Turn low the lights  
What's going on?  
Innocence gone  
What's going on?

I'm just a fool for you  
You're just, a nightmare, a dream  
I said, this is so messed up

You said, this meant nothing to me

Turn on the lights  
What's going on?  
Shaking and scared  
I can't believe you

Is this what you wanted?  
Is this what I need?

This really hurts  
I want you  
I hate you  
I need you
