feat. B Mac The Queen & Hit-Boy

[Hook]

I took your girlfriend like it was nothing
Like it was nothing, like it was nothing

She fell in love, but I ain't felt nothing
I ain't felt nothing
She wanna call me, I ain't say nothing
I ain't say nothing
I swear to god man, that shit was nothing
That shit was nothing
I'm out here balling, like it's just nothing
Like it's just nothing
I fucked her once, and I never cough it
Like it was nothing
She wanna call me, I ain't say nothing
I ain't say nothing
I swear to god man, that shit was nothing
That shit was nothing

I came in 30 deep like it was nothing, like it's just
nothing
I know you heard of me, act like it's nothing, like it's
just nothing
I hear that sister in, I hear that' like it's just nothing
HS87 right now we bossin, like it's just nothing
Alright, I need this party slow mo, you hating baby
that's promo
She say I 'you that nigga, girl tell me something I don't
know
Take out my true hate, double that
I still make more than that
I throw your rent like it's just nothing
Let's tomorrow make double back thro' b
Nah, let's just accept and let's get it
That's all we know, that's all we do
If I ain't the 67 she with it
That's all the dough, and all the crew
When you crooked and naked for pictures
So come down and get out my way

Cause them lame niggas feel good '
Till I stop the beat just to say

She come to my crib, I'm never driving
She takes me diving, I drown inside it
You niggas browsin, my niggas buy it
So many thousands, I'll buy an island
I ball, with all the niggas I started with
I take my last call
It's the same one when you had your daughter
Well nigga fall, back
Or you wanna play tough front page you niggas
Oh you ain't shot, I taze you niggas
Looking at all of you rappers I raised you niggas
Your new girl is my last one, pipe long as a gas pump
Beat banging like'
Hs87 who better, turn it down, let me hear
Lower, a little lower, 'we kill it

Normally the girls be with me, we just fuck it
I cut her off if she get to fussin
We prolly act' I tipped the hostess
For making songs that ' in they show
Where paper is nothing
It's that hit boy, that mound sound
That same nigga may bow down
Got bb, talking g shit
Everything I'm on, I be stiff
And you know it, you know it
Get the lane out 2 4 it
2 4 it, tell the bank I'm the new owner
The new owner, my account got a few '
That means I'm shitting on all of the niggas that's
stored in your phone
And you should come home with a g
Drop it and shake I bake it, be just like the song
And you might go home with a g
We fly like week and 2 discounts, call that shit paracel
For the ghetto bitch getting fine head in the bathtub
That's fresh as hell
