Chorus:

See I made it of the block when I don't talk
Now we celebrate a way to bring a bottle of fluid
Yeah, I started in the kitchen, now we're strapping
And was a word about the niggas who was clapping in
the streets

Cause they were with me (the long way)

I'm getting money (the long way)

I'm in the streets (the long way)

They wouldn't love me (the long way)

Alright, I came here like four shadows

Money gotta whole of them

Take my team all around the world

And we ball, we're the

When it comes to money, you know nada

Tell me where I'm gonna play for him

I'm in the stupid crib and he's paid for

With whips and chains like a slave bone

Grind on time, grind on time,

I don't need a pass cause I know the

I got lines on lines, lines on lines

Border raps like

Yeah, that's your girl and you take it on

But I take her home and I'm making her strip

I got paper for show, and I'm making it flip till I'm

Chorus:

See I made it of the block when I don't talk

Now we celebrate a way to bring a bottle of fluid

Yeah, I started in the kitchen, now we're strapping

And was a word about the niggas who was clapping in
the streets

Cause they were with me (the long way)

I'm getting money (the long way)

I'm in the streets (the long way)

They wouldn't love me (the long way)

Alright, now hit boy, I'm at base line

Louis V on my waist line

You've been with your girl like seven months

I hit that like 8 times

That's once a month, no average

one month, I got savage

She told you, is that time of month
And that's probably right when I had it!
I'm hammer boy, you can't touch me
Because I don't speak nothing but heat
I'm â€¦ I take your girl if I â€¦ better!
If you ain't rocking my way, then you're probably rolling
your way
And your girl my love too short, but she's rocking with
me long way!

Chorus:

See I made it of the block when I don't talkâ€¦
Now we celebrate a way to bring a bottle of fluid
Yeah, I started in the kitchen, now we're strapping â€¦
And was a word about the niggas who was clapping in
the streets

Cause they were with me (the long way)

I'm getting money (the long way)

I'm in the streets (the long way)

They wouldn't love me (the long way)

Me and my niggers justâ€¦

Cause we're good fellows!

Always be ready to ride!

Ain't shit you could tell us

Ain't just on my side like I live next to a high-school

I got wet girls all in my pool,

let me drew the shit like a park tour

She treat my dick like a driver

Look at that, that's a lot

Like Two Chainz, no lie bro

We go hard no problem!

Keep garbling andâ€¦ give me all.. she can'tâ€¦

In my life like aâ€¦ you can't fuck with thisâ€¦

Chorus:

See I made it of the block when I don't talkâ€¦

Now we celebrate a way to bring a bottle of fluid

Yeah, I started in the kitchen, now we're strapping â€¦

And was a word about the niggas who was clapping in
the streets

Cause they were with me (the long way)

I'm getting money (the long way)

I'm in the streets (the long way)

They wouldn't love me (the long way)
