i say baby, we've been  
talkin for awhile  
and i don't know how  
to say all of this,  
so I'm a take my time

See it's a touchy subject  
I'm bout to explain, and  
speakin' of touch I'm startin  
to think it's time for me and  
you to do exactly what we came for

i heard a lot of talkin', so  
baby what you waitin for  
we here face to face  
lookin eye to eye

I'm a take you to a place thats  
only meant for you and i  
she said why  
and i said

i just wanna touch your body  
and let you know exactly how it  
feels to be in my arms  
'cause girl you gon' feel my  
body with your body

and you'll see how that feels  
you won't wanna go home  
cause they say

(chorus)  
they say it's wrong, but you feelin'  
right and baby if you want you can  
spend the night I'm a show you that  
I'm grown, I'm a show you that  
I'm grown girl

so baby turn your phone off i'm a  
dim the lights you wanna see if i  
can do it right and we can find out

alone, we can find out alone girl  
when i start to go up, down, up  
down, up, down, up  
when we go up, down, up, down (yeah)  
up, down (look) up, down

now that we're alone girl  
we can do what you like to  
nibble on your earlobe trust I won't  
bite you I don't need distractions  
let me do what i do

and if you need directions baby let me  
guide you cause your body's in my  
hands trust me I can handle I'm a make it  
dark and I'm a light up a candle

So if you wanna preview I'm a make a show  
just put me in the driver seat & I'm a take control

they say it's wrong, but you feelin' right  
and baby if you want you can spend the night  
I'm a show you that I'm grown, I'm a show you that I'm  
grown girl

so baby turn your phone off i'm a  
dim the lights you wanna see if i  
can do it right and we can find out  
alone, we can find out alone girl

when i start to go up, down, up  
down, up, down, up  
when we go up, down, up, down,  
up, down, up, down

I'm lookin' for a lady that's ready to come  
home with me I'm lookin' for a lady thats ready  
to come home with me I said I'm lookin for a lady that's  
ready to come home with me

Baby we can go up, (up & down) down, up (up & down)  
down, up (up & down) down, up (up & up & up & down)  
when we go, up, (up & down) down, up, down [x2]
