Wow! I want to be singing,
My life is sure feeling great!
'Cause I learned something new
Made a friend or 2
And that is something to celebrate

See my sparkle
My spirit
My own kind of style
Inside me I feel it
And I want to smile

Hey! hey! hey!
Take a good look at me
I'm glad to be an American Girl!

Look how much I love living
At this moment in time
I can hope, I can care
I can shout, I can share
And so many other choices are mine

You know because we're all different,
Imagine what it would be
If each took a dream
Went to work as a team
To make a future of promise
For you and me!

I like your sparkle
Your spirit
Your own special style
Inside you, you feel it
And you want to smile

Hey! hey! hey!
I think you'll agree
It's great to be an American girl!
As time goes by I know that things will be changing.
I wonder what I will see?
I'll make my way
Say what I have to say

Tring everyday to be the best I can be!

S is for smart 'cause you excel
T-the truth you alwasys tell
Y-the question, you ask
L is 'cause you make me laugh
E is for the extra mile

Put it all together girl
I like your style-
I like your style!

There's a kind of world where
I want to live
And there's lots of good inside
Of me I'm ready to give!
I want to fill it up with friendship,
Hope, and harmony
I'm glad to be an American girl!

'cause it's our sparkle
Our spirit
Our own kind of style!
Inside us we feel it
And we want to smile!

Hey! hey! hey!
It's so easy to see
It's great to be an American girl!
