She caught the gold rush  
I could never get enough  
She's been in magazines  
What a little beauty queen, yeah  
She'll stay a stick around a while  
With such a winning smile (smile)  
She could be in black and white  
I'm color blind, I'll make it right, yeah

(Whoa) her head keeps spinning round  
I'm in over my head  
(Whoa) there's an art to falling down

Hey, hey, I got a message for you  
You're gonna blow it girl  
Stuck in your little world  
Fight, fight, 'til we get it right  
I got you right where I want you

She caught the gold rush  
I must of lost my touch, yeah  
She's on the movie screen  
Acting like a rocket queen  
(Do you know what I mean)  
She'll go the long mile  
With such a winning smile (smile)  
Break it down forever  
I don't want her anyhow (no)

(Whoa) her head keeps spinning round  
I'm in over my head  
(Whoa) there's an art to falling down

Hey, hey, I got a message for you  
You're gonna blow it girl  
Stuck in your little world  
Fight, fight, 'til we get it right  
I got you right where I want you

Golden girl (whoa)  
She's just a golden girl (whoa)

My little rocket queen (whoa)  
On the movie screen!

Hey, hey, I got a message for you  
You're gonna blow it girl  
Stuck in your little world  
Fight, fight, 'til we get it right  
I got you right where I want you  
(2x)

(Hey, hey) she caught the gold rush  
(Fight, fight) she caught the gold rush  
(2x)
