I wonder how I ever made it through the day
How did I settle for a world in shades of gray?
When you go in circles all the scenery looks the same
And you don't know how
And I looked into your eyes
With the world stretched out in front of me and I
realized
I never lived before your love
I never felt before your touch
I never needed anyone to make me feel alive
But then again, I wasn't really living
I never lived before your love

I wanted more than just an ordinary life
All of my dreams seemed like castles in the sky
I stand before you when my heart was in your hands
And I don't know how
I survived without your kiss
'Cause you've given me a reason to exist

I never lived before your love
I never felt before your touch
I never needed anyone to make me feel alive

But then again, I wasn't really living
I never lived
I never lived before your love
I never lived before your love

And I don't know why
Why the sun decides to shine
But you breathed your love into me just in time

I never lived before your love
I never felt before your touch
I never needed anyone to make me feel alive
But then again, I wasn't really living
I never lived
I never lived before your love
