Late at night when I'm missing you  
And my soul inside is dying  
And I know I must be strong  
Can't believe, but I know it's true  
When my dreams are trying to find you  
I was blind to let you go  
I should've seen it in your eyes  
With my pride aside, reached above the skies  
For you

It's a long long road  
Gotta bring you home  
Cause baby I've been missing you long  
It's a long long road  
I must have said a little prayer  
Cause suddenly you're standing there  
Oh, it's a long long road  
From home

Well I know where I belong  
I'll never leave you alone  
Cause no matter where you are I'll follow you  
Come up and set me free  
From the place inside of me

It's a long long road  
Gotta bring you home  
Cause baby I've been missing you long  
It's a long long road  
I must have said a little prayer  
Cause suddenly you're standing there  
Oh, it's a long long road  
You're home
