I know I'm still young, but I know how I feel,  
I may not have too much experience, but I know when  
love is real,  
by the way my heart starts pounding when I look into  
your eyes,  
I might look a little silly, standing with my arms  
stretched open wide,

I love you this big,  
eyes have never seen this big,  
no one's ever dreamed this big,  
and I'll spend the rest of my life,  
explaining what words cannot describe but I'll try,  
I love you this big

I love you to the moon and back, I love you all the time,  
deeper than the ocean, higher than the vines,  
'Cuz girl you do something to me, deep down in my  
heart,  
I know I look a little crazy, standing with my arms  
stretched all apart,

I love you this big,  
eyes have never seen this big,  
no one's ever dreamed this big,  
and I'll spend the rest of my life,

explaining what words cannot describe but I'll try,  
I love you this big

So much bigger than I'll ever dream,  
my heart ever needs,  
I love you this big,  
and I'd write your name in stars across the sky,  
If I could I would

I love you this big,  
oh, eyes have never seen this big,  
no one's ever dreamed this big,  
and I'll spend the rest of my life,  
explaining what words cannot describe but I'll try,

I love you this big,  
oh, eyes have never seen this big,  
no one's ever dreamed this big,  
and I'll spend the rest of my life,  
explaining what words cannot describe but I'll try,  
I love you this big
