Blowing out the candles
on another birthday cake
Old enough to look back and laugh at my mistakes
Young enough to look at the future and like what I see
My best days are ahead of me

Life hasn't always been a party
but mostly it's been good
There's only one or two things that I'd change if I could
I don't get lost in the past or get stuck in some sad
memory yah
My best days are ahead of me

Age ain't nothing but a number
Sometimes I have to wonder
What does it really mean
But heeeey im still putting it together
I keep getting better
if I keep getting better
I can be whatever I want to be
My best days are ahead of me

Age ain't nothing but a number
Sometimes I have to wonder
What does it really mean
But heeeey im still putting it together
I keep getting better
if I keep getting better
I can be whatever I want to be

My best days are ahead of me

I've got sunsets to witness
dreams to dance with
beaches to walk on
and lovers to kiss
there's a whole lot of world out there
that I can't wait to see
My best days are ahead of me
My best days are ahead of me
