Come on, Come on, Come on, Come on  
Didn't I make you feel like you were the only man  
Yea and didn't I give you every single thing a woman  
possibly can

Each time I tell myself that I I've had enough  
Well I'm gonna show you baby that a woman can be  
tough  
So come on, come on, come on, come on  
And take it, take another another little piece of my  
heart now baby  
(break it) Break another litle piece of my heart now  
darlin yea  
(have it) have another little piece of my heart now baby  
You know you got it and it makes you feel good, yes  
indeed

You're out on the streets, lookin' good, and baby deep  
down in your heart,  
I gues you know that it ain't right  
Never, never, never, never, never hear me when I cry  
And baby I cry all the time!

Each time I tell myself that I can't stand the pain  
Thats when you hold me in your arms and I'm singing  
once again  
So come on, come on, come on, come on  
And take it, take another another little piece of my  
heart now baby

(break it) Break another litle bit of my heart now darlin  
yea  
(have it) have another little piece of my heart now baby  
cause you know you got it  
shout it makes you feel good

Each time I tell myself that I can't stand the pain  
Thats when you hold me in your arms and I'm singing  
once again  
I said come on, come on, come on, come on, come on  
And take it, take another another little piece of my  
heart now baby

(break it) Break another little bit of my heart now baby  
yea  
(have it) have another little piece of my heart now baby  
cause you know you got it  
whoa  
(break it) break another piece of my heart now baby  
(until fades out)
