When the world wasn't upside down
I could take all the time I had
But I'm not gonna wait when a moment can vanish so
fast
'Cause every kiss is a kiss you can never get back

Lift me up
In your arms
If you told me that is what heaven is ,well you'd be right
I've been waiting forever for this
This is the night

When the answer to all my dreams is as close as a
touch away
Why am I here holding back what I'm trying to say

Lift me up
In your arms
If you told that is what heaven is ,well you'd be right
Hold me close to your heart
I would go with you to the ends of the earth and we'll fly
I've been waiting forever for this
This is the night

This is the night when we capture forever and all our
tomorrows begin
After tonight we will never be lonely again

Lift me up
In your arms
If you told me that is what heaven is well you'd be right
Hold me close to your heart
I would go with you to the ends of the earth and we'll fly
I'd been waiting forever for this
This is the night
