Starry Starry Night  
Paint your palet blue and grey  
Look out on a summer's day  
With eyes that know the darkness in my soul  
Shadows on the hill  
Sketch the trees and daffodils  
Catch the breeze and winter chills  
In colors on the snowy linen land  
What you try to say to me  
And how you suffered for your sanity  
And how you tried to set them free  
They could not listen  
They did not know how  
Perhaps they'll listen now  
And when no hope was left inside  
On that starry starry night  
Took your life as lovers often do  
I could have told you vincent  
This world was never meant for one  
As beautiful as you  
Starry Starry Night
